Many Out-of-town Guests

Lions District Governor At Champion Gathering

The Champion Lions Club held their Fourteenth Annual Charter Night on Monday evening, Nov. 30, with 110 attending the banquet catered to by the C.W.L.

The highlight of the evening was the address given by the District Governor Arnold Hanusa from Chateau, Mont. He spoke of the fine work the Lions do all over the world as well as in the small communities. He said every man should be proud to be a Lion, wherever he may go.

The village mayor, Ken Bloxham, gave a welcome from the village and complimented the Lions on their enthusiasm and good work in the community. The toastmaster for the evening was Wilbur Matlock. Lion Theo. Holm proposed the toast to the ladies, to which Hazel Lundberg ably responded. Lion Bud Siler proposed the toast to the Queen. Lion Secretary Ron McGrail presented Mrs. Hanusa with a Belle cake plate. Mrs. Hanusa thanked the Lions for the gift and thanked everyone for the fine hospitality shown her and her husband while visiting Champion.

Out-of-town guests represented Vulcan, Lomond, Arrowwood, Carmangay and Lethbridge Clubs. Many other guests joined in for the social evening of dancing at 9:00 o'clock. Martin Matlock was floor manager. Delicious snack tables were prepared by Doreen Holm, Hazel Lundberg, Agnes Hegland and LaQuita Racher.

4-H Calf Club Hears Vet Lecture

Vulcan West-Ensign Calf Club held its second meeting at the Ensign hall Dec. 5, with the new slate of officers in charge: President, Cammella Brown; secretary, Shirley Sandberg; club reporter, Wayne Lucas; leader, Eric Thorp; assistant leader, Robert Cutler. Other members of the advisory board are Bill Lucas, Clarence Mote and Alf Lawson.

Dr. B. W. Tonken gave a most informative lecture on how the different animals' stomachs function. Toby Clements also gave a report on his trip he achieved to Olds, proving to all the members that it is worthwhile working to receive this trip.

The next meeting will be held on Jan. 9, 1960, with films being shown on English and American Herefords.

More than 350,000 man years of Canadian employment are accounted for within the forest industries.

CNIB Campaign Nets \$752.40

The recently concluded canvass on behalf of the Canadian National Institute for the Blind was again very successful and the final report shows a total of \$752.40 received in donations.

Funds from campaigns such as this are used to help the CNIB carry on and improve their service program for the sightless citizens of Alberta.

Appreciation of the support given the campaign by residents of Vulcan and district is expressed by Andrew Knive, chairman, and John Buckley, secretary.

FWUA Meets

The December meeting of the Berrywater F.W.U.A. was held at the home of Mrs. Leonard Jones with 10 members and three visitors present. Routine matters were dealt with and literature read from head office, particularly urging all farmers to join the union in the current membership drive.

Delegates were chosen to attend the convention being held in Edmonton, Dec. 7-11. Plans were completed for the Christmas concert to be held Dec. 22. All members of the Berrywater F.W.U.A. and F.U.A., and Berrywater district are asked to remember this date.

Following the adjournment of the meeting lunch was served by the hostess and her helpers.

WSWS Meets

Members and friends of the WSWS met at the home of Mr. and Mrs. Henry Hilz on Nov. 18, at 7:30 p.m. Mrs. Dorothy McIntyre was in charge of the devotional part of the program. Several hymns were sung after which Mrs. G. F. Wuerfel led in opening prayer. Mrs. Freda Lebsack read the scripture.

A poem entitled, "The Four Magic Words" was read by Mrs. Dorothy McIntyre. The entire program centered around prayer and thankfulness. Mrs. Wuerfel sang the solo, "Pause for a moment of prayer." The poem, "Thank God for you my friend," was read. Mrs. Ruby Schierman showed slides of the convention held at Hanna.

Mrs. Norman Lebsack, president, presided over the business. The roll was called and visitors welcomed by the president. Several mission-

Santa Claus In Vulcan Dec. 19

The following few paragraphs are directed to children only and bear news specially for them:

Santa Claus is coming to Vulcan Saturday afternoon, Dec. 19.

If you help Mom and Dad that morning with the many chores around the home or farm and be extra good between now and then, they'll be sure and have you on hand at 1:00 p.m., to see Santa.

It's only about a week away and many of Vulcan's clubs and businessmen are making arrangements to see that you get a chance to talk to this friendly visitor.

There'll be more news of this big day in next week's paper so watch for it and if any of you are sick and have to stay at home that day, ask Mom to phone Don Larkins. He may be able to have Santa come and see you.

Choral Workshop Plans Program

In an effort to bring the season of Christmas closer to the people of Vulcan and to wind up the current course, the local Choral Workshop is planning a musical night on Monday, Dec. 21 in the auditorium of the High School.

The program will consist of the singing by the 25 voice choir of the selections studied during the past nine weeks, some of which are of the Christmas theme — soloists and the singing of carols with audience participation.

Although this is not a money making venture a collection will be taken to cover use of the hall and additional funds will go to charity.

Many letters were read. Mrs. A. Hilz thanked the ladies for her gift of cup and saucer. Several thank you letters were read for packages sent to the needy. Reported, that 15 cards and 14 sick visits were made during the month. There were eight pounds of nylons sent to Japan; a layette of 38 pounds to the Unitarian service, Ottawa, Ont., and 12 boxes of food and clothing to Bethany Home, Wetaskiwin, Alta. It was suggested that a sick visiting committee be organized, visiting in pairs.

The "Thank Offering Program" was outlined to be held on Dec. 22, in the church. The meeting was closed with prayer after which a delicious lunch was served by the hostesses, Mrs. H. Hilz and Mrs. N. Lebsack.

THE WEATHER

Fine, warm weather has continued this week, with daytime temperatures in the 40-above range.

K. R. MILLER, chairman of the Carmangay Seed Cleaning Plant Association Ltd., had a happy smile just as he finished cutting the ribbon and declaring the Carmangay Seed Cleaning Plant officially open. In the right background (in dark suit) is Bernard Sternberg, plant

manager, and at Mr. Miller's left is Frank Hubka, the County of Vulcan representative on the Association's board of officers. In the right foreground is Hon. Rev. Peter Dawson, MLA, who was chairman of the official opening ceremonies.

Preliminary Work

Survey For Hardsurfacing

A provincial department of highways crew has been in Vulcan the past week surveying business district streets and avenues in preparation for anticipated hardsurfacing next year as part of the provincial government's five-year plan.

At the same time, samples of the present gravel base on the streets are being taken to determine if the base is heavy enough for hardsurfacing or if further gravelling will have to be undertaken by the town.

The exact amount of hardsurfacing that Vulcan may qualify for under the provincial government plan is still not known, but town council has asked for this work to be undertaken on a total of 13 blocks. Further information is expected to be received within the next few weeks.

Turkey Shoot Profits Aid Swimming Pool

The weatherman co-operated last Wednesday and the Vulcan Lions Club annual turkey shoot proved to be the most successful yet.

Trap-shooting, rifle shooting, bingo, pitch and other games all received good patronage. "Turkey cards" on sale for the past month also met with good public acceptance. The total profit of over \$2,000 goes to the operation and upkeep of the Lions Memorial Swimming Pool.

Shower Honors December Bride

A shower in honor of Irene Earl whose marriage took place Dec. 2 to Jack McFadden, was held in the Legion Hall Nov. 25.

Mrs. Rita Scott played "The Wedding March" as Irene entered the hall. The bride's table was decorated with a lace table cloth and pink and white streamers and bows. A corsage was then presented to Irene, her mother, Mrs. Earl and Mrs. McFadden.

The program then took place. A contest consisting of articles a bride has in her trousseau was played and winners were Mrs. Margaret Hill and Mrs. Betty Eamor. An amusing musical game followed and winners were Mrs. Frances Holm and June Joiner.

A miniature hay rack loaded with beautifully wrapped gifts was drawn in by Gordon Earl, little brother of the bride. The gifts were presented to Irene by Mrs. Cecile Emelson, who expressed the good wishes of all her friends present and of those who were unable to attend.

Assisting Irene in opening her gifts were her sister Mrs. Frances Holm; her mother, Mrs. Earl; Jack's mother, Mrs. McFadden; Daphne McFadden and Charlotte Earl. Irene then thanked her friends for the very lovely and useful gifts and asked them to sign their names in her wedding book. Lunch was served by the hostesses Mrs. Ruby Brown, Mrs. Cecile Emelson, Mrs. Kay Peard, Mrs. Nora Simmons, Mrs. Ruby Johnson, assisted by Miss June Joiner, Mrs. Rita Scott and Miss Kathy Nolte.

Seed Cleaning Plant At Carmangay Opened

Official opening ceremonies of the recently completed Carmangay Seed Cleaning Plant were held at Carmangay Wednesday afternoon, Dec. 2, with the Hon. Rev. Peter Dawson, MLA as chairman of the meeting in the community hall prior to the ribbon-cutting ceremony at the plant.

In his opening remarks, Mr. Dawson said that in Little Bow constituency there was now a seed cleaning plant at Vulcan (opened in 1958) and the new plant at Carmangay, with Queenstown and Arrowwood as possible locations for a third plant.

George Crampton, of the Provincial Seed Cleaning Plant Association, said that 34 plants were now in operation in Alberta, giving the province a seed cleaning plant setup second to none. The first plant was constructed at Camrose in 1948. In 1959, he said, 29 plants cleaned 5,300,000 bushels of seed grain. In 1960, with several new plants working, it is hoped to clean about seven million bushels — about one-third of the seed planted in Alberta each year. The association has been successful in having fire insurance premiums on seed cleaning plants reduced from \$3.15 per hundred to 86 cents per hundred in protected areas, 97 cents in semi-protected areas and 1.14 in unprotected areas.

J. E. Carlson, chairman of the Vulcan County Council, brought greetings and best wishes from the County. He recalled that the first bylaw to erect a plant at Vulcan was defeated by plebiscite, but that a bylaw was then passed by the County Council to provide the County's share of funds for the construction of three plants in the County. A plant is proposed for Queenstown or Arrowwood, he said, and there is a possibility of some type of seed cleaning plant being built at Lomond.

Spencer Burns, County Agricultural Supervisor, said the new Carmangay plant is being well patronized and urged residents of the area to make full use of the facilities now available.

Ralph Trimmer, District Agriculturist at Lethbridge, mentioned that the new Carmangay plant serves the northern part of the M.D. of Lethbridge as well as the southern part of the County of Vulcan. The use of clean, weed-free seed is becoming increasingly important, he said, and these new plants are a big factor in the fight against weeds.

Hugh Michael of Lethbridge, former D.A. at Claresholm and now secretary-treasurer of Western Canada Seed Processors Ltd., stated that prior to the construction of seed cleaning plants, a seed drill survey of the County of Vulcan showed that 26 per cent of the samples from the drills were classified as unfit for seed. This situation is being greatly improved, as more and more farmers take advantage of the facilities now available to have seed properly cleaned before planting.

D. D. McQueen, County School Contest draws to a close. The winners will be announced at the Christmas pageant.

Lawrence E. Kindt, MP for Macleod, contacted the minister, Hon. George Pearkes, on behalf of the flying club.

The Vulcan Flying Club has received permission from the Department of National Defence to make use of the runways at the Vulcan Airport. Sanction has also been given for the use of other facilities at the RCAF field. No charge will be made for the use of the runways, according to a letter received from the Minister of National Defence, but rental will have to be charged for hangar facilities, electricity, etc., and a contract covering the arrangement will have to be drawn up between the department and the flying club.

First of Season

Brown Wins Jackpot Spiel

Hugh Brown of Claresholm, but now curling out of Lethbridge, was the big winner of Vulcan's first Jackpot 'spiel of this winter. Curling with Brown were Bernie Sparks and two Coleman boys who used to live here in Vulcan. This foursome defeated Fraser of Carmangay in the final after disposing of Lyons of Barons in the semi-final. Fraser beat Wolfe of Vulcan in the other semi.

In the consolation final Evan Munro's rink of H. Spaeth, I. Haga and R. Middleton, won over Enco-Bacoda of Lethbridge. Munro won over G. Coyne and G. McKay, both of Lethbridge, to reach the final.

Vulcan's next Jackpot 'spiel is scheduled for Sunday, Dec. 27.

Take These 6 Steps To Home Safety!!!

A Check of Your Gas Appliances and Heating System May Avert an Accident.

Take time NOW to review the following SIX important points so you will KNOW that your home is SAFE. If you do not pay proper attention to the care and maintenance of your heating equipment, and home gas venting, tragedy can strike. Dangers increase during the cold weather — so make YOUR home safe . . . for the holiday season ahead . . . and for the rest of the winter!

A Word From Your Gas Company

This year some accidents resulting from carbon monoxide have been reported to our office. It is not natural gas that causes these accidents . . . it is the products of incomplete combustion. Normally the products of natural gas combustion are carbon dioxide, water vapor, oxygen and nitrogen, all harmless. But if the chimney, or a vent pipe to the chimney, is blocked or partially blocked, the heating equipment may produce poisonous carbon monoxide which is spilled into the occupied space with possible harmful effects to the occupants. It is important that left-over gases get a chance to escape to the outside atmosphere, and we urge you to make the above safety check in your own home so that you can continue to enjoy Natural Gas with Safety.

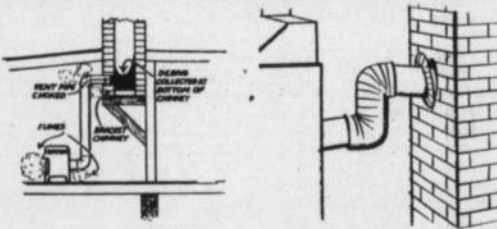

Don't Let Accidents Mar The Holiday Season Ahead!

Do not try to repair any trouble spots yourself. Call your local plumber, tinsmith or gasfitter — he is qualified to do a proper repair job.

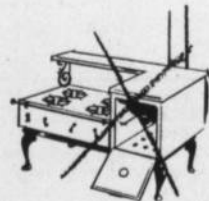

Published in the Interests of Public Safety by
CANADIAN WESTERN NATURAL GAS COMPANY LIMITED

SIX STEPS TO SAFETY

1. CHECK YOUR CHIMNEY: Loose mortar, soot, and other debris may accumulate at the base of a chimney obstructing the free passage of the products of combustion. (This danger is particularly prevalent with "bracket" type chimneys). Ice and snow on the top of your chimney may also cause blockage and should be removed.

2. CHECK ALL VENTING PIPES: Twice a year at least check all pipes used to vent gas appliances. They may have become dislodged from the chimney . . . they may be too far into the chimney thus blocking the end of the vent pipe . . . they may have been pulled away from the appliance or furnace.

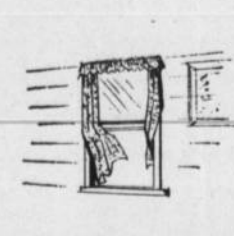

3. DON'T MISUSE GAS APPLIANCES: Older style ranges which are required to be vented should not be used to heat a room. Use a proper heater designed for this purpose.

4. BE ALERT TO THE DANGER SIGNALS: Smarting of the eyes—nose irritation and unpleasant odors are indications of fumes in your home. It is required that appliances be vented to the outside atmosphere except refrigerators, dryers and ranges approved without venting.

5. DON'T TAMPER WITH GAS APPLIANCES: Don't take chances . . . Don't alter or install gas appliances or piping yourself, call a qualified Plumber or Heating contractor if you wish your appliances checked or call your Gas Company serviceman.

6. FRESH AIR SOURCE: Be sure there is a source of fresh air in your home, but avoid drafts around your gas appliances. Do not keep your house "air tight". Your gas appliances, like you, need fresh air.

Miss Pennie Howlett is now living at the home of her parents, she was formerly employed at Safeways on the Macleod Trail for the past several months, but is now employed at John Wolfe's Hardware Store in Vulcan.

Mr. and Mrs. Jackie McFadden are at present making their home in Ensign in a house owned by Nap Flebotte.

Little Billy Turley returned to

A Man of sorrows and acquainted with grief: —Isaiah 53:3

He wept alone and men passed on. The men whose sins He bore. They saw the Man of Sorrows weep!

They had seen Him weep before. They ask not, Whom those tears were for; They ask not, Whence they flowed.

Those were for rebellious man. Their source — the heart of God. They fell upon the desert earth Like drops from Heaven on high. Struck from that ocean tide of love

That fills eternity. —A.C.F. advt.

school on Monday after being absent for a week due to a bad cold.

Miscellaneous Shower

A lovely miscellaneous shower for Ruth Brown was held at the Ensign Hall on Friday, Dec. 4. The lovely pastel colored basket was carried in by little Colleen and Debbie Markert and presented to Ruth by Mrs. Jack Hunter.

Assisting the bride-to-be with the unwrapping of the gifts were her mother, Mrs. E. K. Brown and a sister, Mrs. Jim Roth of Bow Island. Mrs. Irwin Brown was in charge of signing the gift book. Ruth graciously thanked everyone for the lovely and useful gifts.

After this a delicious lunch was served by the hostesses Mrs. A. Fisher, Mrs. David Fisher, Mrs. Alec Hagen and Mrs. Jack Hunter.

Community Club

The Ensign Ladies' Community Club held their monthly meeting on Thursday, Dec. 3, with 16 members and two visitors present.

The Christmas tree committee was named: Mrs. Ed. Kennedy, Mrs. Bill Turley, Mrs. Nap Flebotte and Mrs. Ted Howlett, who will look after the tree and treats. The concert is to be arranged by the United Church Sunday School.

Election of officers took place and are as follows: President, Mrs. Ted Howlett; vice-president, Mrs. David Fisher; secretary-treasurer, Mrs. Ed. Kennedy; directors, Mrs. Bill Turley, Mrs. Bob McFadden and Mrs. Nap Flebotte; sewing committee being Mrs. B. Brown and Mrs. C. Mote; Sunshining committee, Mrs. Alec Hagen and Mrs. O. Paton.

The best attendance gift was then given out. As there were eight members who had attended all the meetings during the year, a name was drawn. Mrs. Ed. Kennedy received the gift. Surprise box was donated by Mrs. A. McIntyre and won by Mrs. C. Mote. The exchange of Christmas gifts then took place which everyone enjoyed.

A lovely lunch was served by Mrs. Bob McFadden and Mrs. A. McIntyre. The next meeting is to be held on Wednesday, Jan. 6.

Canadians could save over \$30,000,000 on gas in 1960

How A Group Of Engineers Stretched A Gallon Of Gas

Some five years ago a group of engineers were called together and told to produce an engine that combined 8-cylinder power with 6-cylinder economy.

They were given a free rein... an unlimited budget... and all the time they needed.

The group of engineers? Specialists from the Dodge Research Centre. The result of their five years work? A 6-cylinder engine that is without a doubt more powerful, efficient and economical.

To accomplish this feat, these men literally started from scratch. For example... the traditional "upright" engine block is a slow breather. Manifold intake and exhaust are cramped... the gas has to turn corners to arrive at the cylinders. And this adds up to unnecessary fuel wastage. So the first thing they did was to "slant" the block. This allowed natural, easy breathing for the intake and exhaust manifolds and brought semi-rim tuning of the induction system into play. This, they found, gave up to one hour of extra driving on the same tankful of gas.

Next, they threw out the old side valve system and introduced overhead valves. This, with the new high compression ratio provided bustion engine.

With these two power and economy developments accomplished, it then only remained to go completely over the engine and improve every conceivable part of it. For lightness with strength, cast aluminum was used wherever possible. Silence was assured by Free Flight Power Mounting that suspends this engine in space... isolates noise and vibration. All component parts such as air cleaner, generator and oil pump were relocated for perfectly balanced weight distribution.

The overall result is an engine that has been called the Super Economy Six. An engine that acts like an "Eight"... saves like a "Four." An engine that is as silent as it is rugged... as power-packed as it is economical. A completely new engine that is available for the first time in the brand new Dodge Dart.

It would be well worth any new car buyer's time to put this engine to the test at any Dodge-De Soto dealer. Judging by the reports coming in from those who have already driven the 1960 Dodge Dart, the Super Economy Six is the greatest engine advance since the development of the internal combustion engine.

WEEDS COST \$5.50 PER ACRE

After two years' study of crop losses from weeds on 100 farms, University of Manitoba plant scientists figure losses in yield, due to weed competition alone, cost the Manitoba farmers over \$35,000,000 each year. Or \$5.50 per seeded acre. On the average, two-thirds of this loss was avoided by spraying at recommended times and rates.

Other authorities suggest that thistles in cropped fields can be eradicated by spraying with 2,4-D Ester at the rate of 1/2 to 1 pound per acre as soon as the crop is removed. If possible this spraying operation should be followed two or three weeks later by cultivation of the field. The following year the crop should be sprayed when in the three to four leaf stage at the rate of 9 ounces per acre. This dual approach, which combines cultivation and the use of chemicals, should go a long way to ensure complete control of thistles.

Invisible Nylon Netting Aids Gov't Officials In Grouse Conservation

The Alberta sharp-tailed grouse is undoubtedly being ruffled by the experience, but once tagged, weighed and set free he should be glad that it happened.

The project, being carried out this year by the Alberta Department of Lands and Forests with assistance from biologists of the University of Alberta, is to trap, identify and sex, weigh and mark as many sharp-tailed grouse as they can. It's part of a three-year study of the life habits of Alberta's No. 1 game bird.

In the end, the experiment, in which the grouse plays such an important, if unwilling, part, is designed to increase his numbers greatly—this despite the fact that this little bird is one of the juiciest

targets that an Alberta hunter can get in the line of his gun sights.

To trap the sharp-tailed grouse, you first find his "dancing ground." Then take two nylon nets—about five-and-a-half inch mesh, some 100 feet long and 10 feet high. String the nets a couple of feet above the ground at right angles to the "dance floor," and wait for the birds to congregate.

Grouse gather for the "dance" in the hours before dawn. When they do, you break up the party, and as the birds scatter they get caught in the nets.

The trap net, which must be both light weight and strong, is made of dark-colored nylon filament twine, so fine that it is virtually invisible to the birds in the grey half hour before sunrise.

Biologists believe that the grouse's "dancing" habits are closely related to its fertility. Contrary to previous belief, it now appears that practically all mating takes place on the "dancing ground" and indications are that an individual "dancing ground" may be maintained by the birds for a number of years.

Marking consists in giving each bird a metal leg tag and a neck band of two strips of a plastic in contrasting color. Various color combinations in the neck band allow ready identification of individual birds on each "dancing ground." A wing feather and a tail feather of each bird caught is removed also for laboratory study; a measuring system using calipers has been devised to determine their age.

Once marked, the birds are observed. Erection of a blind or an observation tower on a "dancing ground" causes only a brief disturbance, and the observer may watch the fascinating "dance" from as close as 20 feet. "Dancing" usually begins a half hour before dawn and may continue until an hour after sunrise—there may be from five to 36 birds at a "dance." Each male establishes an inviolate territory on which he performs his gyrations and hooting. Some "dancing" activity has been observed as early as February and at late as October, but it occurs mainly during the spring weeks.

Those studying the project hope to find what factors influence the establishment of new "dancing grounds" and by what order the males set up their territories. Are the founders of these new grounds mostly juveniles? What is a desirable ratio between males and females in an area? Does mass migration take place when population reaches a high level? What may be considered a population peak, and over how great a distance does migration occur?

The answers to these and other questions about the seasonally drastic fluctuations in the Alberta grouse population will be forthcoming from their studies, the experts hope. The project is in its second year.

Forest products account for nearly 30% of Canada's total domestic exports in the field of international trade.

"FREE ENTERPRISE" —AN EXPLANATION

It has nothing to do with politics or wealth or class. It is a way of living in which you as an individual are important. Little things make up this way of living, but think what you would lose if you ever surrendered it:

Free enterprise is the right to open a gas station or grocery store or buy a farm, if you want to be your own boss, or change your job if you don't like the man you work for.

Free enterprise is the right to lock your door at night.

Free enterprise is the right to argue.

Free enterprise is the right to save money if you want, or blow it on a good time if that's what you prefer.

Free enterprise is looking on a policeman as someone to protect you, on a judge as a friend to help you.

Free enterprise is the right to raise your children as you think best.

Free enterprise is the right to speak freely about anything you wish.

Free enterprise has nothing to do with how much money you have or don't have, nor what your job is or is not. Free enterprise means the right to be yourself instead of some nameless number in a horde bossed by a few despots. Free enterprise is the sum of many things . . . but how miserable you'd be if someone stole it from you!

The annual payroll of Canadian forest industries exceeds \$1,250,000,000.

Friends of Monty Southgate are pleased that he is recovering nicely from his operation. He was in the Holy Cross Hospital, Calgary.

Opening Bonspiel

Ted Seney, president of the Blackie Curling Club, won the opening bonspiel with players Marion Humphrey, L. Moger and Bobby Seney. Taking second place was the High River entry of E. Edworthy, J. Vaughn, C. Rowland and A. Droppo. Third prize went to the Charlie Sultor rink and fourth to Gordon Seney.

In the second event first prize was won by Jim Rockafellow, Joe Eamor, Jim Anderson and Mrs. Eamor. E. Edworthy won second prize, Stu Beagle won third and fourth went to Ted Percival.

Winning the Consolation was David Parade, Walter Wilderman, Dick Newman and Daryl Laycraft. Wayne Stier, Dewayne Whillans, Jim Finley and Don Seney won second. Third went to E. Malmberg of Herrington and fourth to Bob Egeland.

Prizes were donated by the local merchants and business men.

Lodge Speeches

The IOOF Lodge and the Rebekah Lodge of Blackie were pleased

to sponsor an evening at the hall where guest speakers were Miss Donna Bittorf of Milo and Phillip McLeod of Nanton.

Miss Bittorf won the speaking contest sponsored by the Lodges which entitled her to a trip to the United Nations in New York. She was introduced by Mr. John Green and with the help of her father, showed a number of slides of her trip. Her commentary on each was very interesting. She told of a number of amusing incidents of her trip also. She was very pleased with the trip and the knowledge she gained and was grateful also for the gifts of a camera, film and luggage by the Milo district organizations. There were 102 students in the lobby of the United Nations building at one time, 36 of which were from Canada.

Phillip McLeod told of his interesting and informative week spent at the United Nations week at the Banff school of fine arts. Each of the 55 girls and 33 boys there represented a different country and at the end of the week, they gave a talk on their country.

Lunch was served by the members of the Rebekah Lodge to the 30 or more who were present to hear the speeches.

A GENERAL MOTORS VALUE

Colors, trims and upholstery... engines and transmissions... series and models...

Look at the choice! Seven series and 31 models (every one distinctively, stylishly beautiful). But Pontiac's choice goes deeper. In engines... "Six" and six V8s. In transmissions... standard Synchro-Mesh or three smooth automatics. In colors... a range of 31 Magic-Mirror tones. In fabrics... a selection of leather, vinyl and patterned cloths. Easy to keep clean, too! And to keep all of this wide Pontiac choice beautiful and efficient... a carefully rustproofed Body by Fisher. What do you want in a new car? You'll find it at your local Pontiac dealer's.

Houses Increasing In Size and Cost Says Bank of Commerce

Contemporary taste and rising living standards are reflected in the rapid decline in 1½ and two-story dwellings, and the gradual rise in floor space, according to the current Commercial Letter published by The Canadian Bank of Commerce. At the same time, modern fashions in housing, which permit fewer houses per acre than the older styles, plus the trend away from the larger urban centres to the new suburban developments, pose grave problems in regard to the financing of roads, sewers and other services in many municipalities.

Sustained prosperity and rising income, coupled with more liberal mortgage-financing terms in the post-war era have been key factors in stimulating housing demand, the letter says. Immigration and a high net rate of family formation have also played their part in maintaining the building boom.

Between 1946 and 1958, more than 1½ million new residential units were completed, and older structures were converted into some 56,000 duplexes and apartments. The current year's program may see the completion of another 150,000 structures, bringing the post-1945 figures to nearly 1½ million new units.

During the past ten years the average cost of a one-story dwelling financed under the National Housing Act has risen from \$7,378 to \$14,263. The size of the average house in this category has increased from 877 square feet of floor space to 1,094 square feet, and building costs per square foot have gone up from \$7.62 to \$10.56.

The rising cost of land — \$370 for the average single-story house in 1948 to \$2,463 in 1958 — is the third large factor in the increased cost of housing.

There are already signs of changing trends in Canadian housing from the pattern of earlier postwar years, according to the letter. Apartments and other tenant-occupied dwellings have taken up an increasing proportion of new housing construction in recent years, and a stage of rent reduction has now been reached in certain areas. However, apartment building is on the increase in the nearer suburbs of some cities, where high land prices have tended to discourage the building of private dwellings. The co-operative apartment house, owned jointly by the tenants, is a relatively new feature which appears to be growing in popularity.

The birth rate, after reaching a peak in 1954, shows signs of a temporary decline, and with the future of immigration somewhat uncertain, some sources of housing demand may slacken. However, net family formation is likely to rise within a few years as a result of the high birth-rate in the 'forties, and, coupled with the sustained rise in personal income, will probably give underlying strength to the housing construction industry. The industry, the letter concludes, will enter the 'sixties with certain advantages which it lacked in 1946, including improved housing legislation, better planning of developments, increased skills and the benefits gained from the experience of the most productive 15 years in its history.

Many Original Homesteaders

Early Settlers Shown On 30-year Old Voters List

Hugh Baden recently found a copy of the voters' list of Polling Division No. 44 (Townships 18-23) of the electoral district of Bow River, used in the general election of 1920, although no date is shown and the list could possibly be of earlier origin.

The list includes the names of many of the original settlers of that part of the Vulcan district and is of interest to early residents of the district. The following names were included:

Mr. and Mrs. Verden Adair, Mr. and Mrs. Harry Amey, Francis, George, Gladys, Hugh, John and Elise Baden, Mr. and Mrs. John Base, Mr. and Mrs. Henry Belder, Mrs. Edna Blair, Miss Margaret Campbell, Mr. and Mrs. Dell Carr, Leonard Crimp, Mr. and Mrs. John Douglas, Mr. and Mrs. Harry Douglas, Mr. and Mrs. Louis Douglas, Cecil Fry, Percy Haslam, Mr. and Mrs. William Haughton, Mr. and Mrs. Alfred Haughton.

Mr. and Mrs. Edward Hearn, Mr. and Mrs. Jake Hoffman, Mr. and Mrs. James Hopkins, William Law, Joseph Logan, Mr. and Mrs. George Leahy, Mr. and Mrs. Fred LaChapelle, Mr. and Mrs. John Mackenzie, Mr. and Mrs. John Mc-

Lean, Mr. and Mrs. Ned McNary, William McGirr, Mr. and Mrs. David McWhinnie, James McWhinnie, Mr. and Mrs. David Mills, Mr. and Mrs. Roy Maxwell, Fred Noble, Mr. and Mrs. Wilson Oldfield, Mr. and Mrs. Edward O'Neill, S. P. Peterson, Miss Margaret Pickard, Elsie Redlon, Mr. and Mrs. Joseph Richardson, Leslie Richardson, Lloyd Richardson, Bertha Robinson, William Robson, Mr. and Mrs. Alexander Robson, Mr. and Mrs. John Robson, David B. Sim, Mr. and Mrs. Donald Sinclair, Mr. and Mrs. Winter Speer, Mr. and Mrs. Jim Stein, Peter Storey, Mr. and Mrs. Ernest Virtue, Mr. and Mrs. Frank Virtue, Mr. and Mrs. John Warner.

AGRICULTURAL SCHOOLS OPTIONAL COURSE

For the first time since the Alberta Schools of Agriculture opened in 1913, optional subjects will be offered to agricultural students in the graduating class when the schools at Vermillion and Olds open Oct. 27th.

Under the new plan, senior students will be able to select enrollment in one of the following options: Advanced animal husbandry; automobiles (tractor overhaul); advanced welding; wood shop; a combination of horticulture, entomology and beekeeping; dairy and poultry husbandry.

Students who can supply an official transcript of marks may elect to take typing or agricultural literature if they have a "B" or better in language 20 and science 20, or "A" or better in Grade 9 mathematics.

Present registrations at both schools are ahead of last year's and it is anticipated accommodation will again be filled when the new term opens.

Member mills of the Canadian Lumbermen's Association produced 167 million board feet of white pine last year. If used to build a boardwalk two inches thick and four feet wide, this would make a sidewalk 3,564 miles long — greater than the distance from Halifax to Vancouver.

THE POSSIBILITIES of using the British Argosy "Freighter-coach" aircraft as a car-ferry was demonstrated in a loading experiment which took place recently at Armstrong Whitworth Aircraft's terehire. During the demonstration, eight of the new Morris "Mini-Minor" baby cars were loaded into the aircraft with ample room to spare. In this picture the eight baby cars are seen lined up on the tarmac before being loaded on to the aircraft, whose large tunnel-like fuselage can be clearly seen. Loading of the aircraft can take place at the front or the rear of the fuselage.

Harvest must now be officially completed. The last sunflowers planted by Bert Clemmons in the spring have been harvested. At the present time it can't be reported how the crop turned out as only one load has so far been delivered to the oil processing plant in Lethbridge. One advantage of the crop would seem to be that it can be harvested even with snow on the ground but whether it will ever become popular as a cash crop in this district is all in the future.

Irene Klemmele is at present visiting with her brother-in-law and sister, Mr. and Mrs. Clifford Riggs of Morrin.

Mr. and Mrs. John Ueland and Jimmie left on the weekend to return to Norway where they will make their future home.

Mr. and Mrs. Wally Pask of the Finnigan district visited on Friday with the latter's aunt, Mrs. Will Francis.

Mr. and Mrs. Alf Heather, Mrs. Aubrey Gore and Mr. and Mrs. Kenneth Voys were guests on Saturday at the marriage of Bill Watt and Ellen Hernan in Milo United Church.

Four tables of whist and two of crib were played at the Liberty card party on Saturday. Winners were Mrs. Sandy Henry and Bill Beckner with high scores and Mrs. Bill Beckner and Bennett Dew with low scores.

The Liberty Association plan a Christmas concert on Dec. 23, at 8:00 p.m. Everyone who enjoys a good old fashioned school Christmas concert is welcome. Santa is expected to be there with treats for the children.

Mr. and Mrs. Hap Heather were Christmas shoppers in Calgary during the week.

A flu bug among children has been making the rounds of the community. The mild weather is blamed as it has been unseasonably mild for the past two weeks. No doubt unseasonable weather has its drawbacks but how we all love it at this time of year.

John Deere PTO Hammer Mills

with "DOUBLE-LIFE"
REVERSIBLE HAMMERS

Here's your answer to the problem of faster, easier, more economical feed grinding. John Deere Hammer Mills with tough, hardened steel reversible hammers give twice the normal blade life. When a knife becomes dull, simply turn it over for a new life of service.

Hammers are spaced well away from the screens to insure big capacity, eliminate heating of materials, and prevent excessive wear on the screens.

The tough, high-carbon steel rotor shaft which supports the hammer assembly runs on heavy-duty, high-quality bearings and is amply strong for the most difficult grinding jobs.

You can make greater feeding profits by grinding your own feed with a John Deere Hammer Mill. Stop in today!

Carmangay

Mrs. Edith Fraser was a patient in the local hospital last week.

Mrs. Alta Hauser and Mrs. Minnie Dahl left for Vancouver where they will visit with relatives.

Mrs. F. Lacro and Mrs. J. Lacro returned from Edmonton on Wednesday, where they had been for the last three weeks, while Mr. J. Lacro underwent surgery and medical treatment.

Mr. and Mrs. G. H. Nelson were recent visitors in Calgary.

Congratulations to Judy Dahl on being crowned 1959 Lions Carnival Queen.

Mr. and Mrs. F. Ewing of Lethbridge were Wednesday visitors at the home of Mr. and Mrs. W. Ewing.

Mr. and Mrs. Glen Moore and sons were recent visitors in Edmonton when they visited with their daughter Glenda who is attending university.

Mr. and Mrs. Roy Church were visitors at Youngstown last week.

Mr. and Mrs. A. Baldwin and family were visitors at the home of Mr. and Mrs. Jim Roads of Dutchess over the weekend.

An attempt was made to break into the Carmangay Motors on Thursday evening. The Minty Bros. owners of the garage drove in around seven o'clock in the evening, and as they went to open the garage they noticed car lights being turned on and a car drove out from behind the garage. Upon investigation, a hole was found in the back door. The Minty boys watched where the car went and phoned the RCMP. The young man was arrested and taken to Lethbridge. Nothing was stolen.

The Carmangay Home and School Association held a card party in the school on Thursday evening. Whist and crib was played. Winners for whist were: High, Mrs. E. Anderson and Don Yeomen; low, Mrs. Rosella Hubka and K. Miller. Winners for crib were: High, Mrs. Sid Thompson and Sid Thompson; low, Mrs. A. Friezen and L. Rommell. An enjoyable time was had by all those present.

Mrs. Alma Lund left Tuesday for San Francisco where she will spend a few months visiting with her daughter.

The Carmangay Lions held their annual carnival on Nov. 27 and 28. Miss Jalyne Anderson won the camera and Ed Mills won the radio. Five dollar prizes went to Caroline

Dahl and Ed Stettner. Miss Judy Dahl was chosen as the 1959 Lions Carnival Queen. The queen and ladies in waiting were each presented with bouquet of flowers and an overnight case.

Mr. and Mrs. Jim Underdahl of Manyberries were visitors at the new home of Miss Ethel Underdahl.

Afternoon W.A.

Nine members answered roll call on Friday afternoon for the WA December meeting. President Miss Grace Hilliard called the meeting to order. The Women's Creed and prayer was repeated in unison. The devotional was read by Mrs. Gower. Scripture reading lesson and prayer centred around the theme, "Perfect Harmony."

Annual donations were made to the Students' Christian Movement, Alberta College, Naramata Training School, St. Stephens College, Women's Missionary Society and the church board.

Plans were made for a WA Christmas party to be held in the church hall Tuesday evening, Dec. 15. The next meeting will be held June 8. A dainty lunch was served by the hostess Mrs. Wynn.

Parish Council

The regular monthly meeting of the Carmangay Parish Council was held at the home of Mrs. Wm. Hoffarth on Thursday evening, Nov. 26. The president welcomed three visitors: Mrs. Patterson and Misses Evelyn O'Donnell and Elaine Schille to our meeting.

Following the convener's reports Mrs. West thanked the ladies for their co-operation in making our bake sale a success. The ladies decided that instead of holding a Christmas party that each member donate a dollar to The Creche.

The ladies were delighted with the very interesting demonstration given by Miss Elaine Schille and Miss Evelyn O'Donnell in the making of an Advent Wreath. It was hoped that every family would make a wreath so that Advent would therefore be a more prayerful season. Mrs. Kryzanowski provided the entertainment for all by providing picture jigsaw puzzles. Church cleaners volunteered for December and January as there will be no meeting in December.

The January meeting will be held at the home of Mrs. Bob Parker. Following adjournment Father Campbell imparted his blessing. The hostess served a delicious luncheon.

Senior Student's Union

This year's Curtis magazine campaign was very successfully concluded with Andy Szoetz receiving the top-salesman award. Judy Dahl and Gayl McFarland receiving the second and third prizes. The money obtained from the campaign was used to purchase badminton equipment. It was decided to donate \$25 to CARE.

During the meeting of Dec. 1, it was agreed to purchase, as usual, two Christmas trees for the school. The students also decided to conduct a raffle which is to be drawn for at the Christmas Ball.

Sports Club

The Carmangay Sports Club was formed in the boundaries of the Students' Union early this school year. The club's purpose is to influence sports in the school.

Elections were held in October for executives, with the following results: President, Marvin Housenga; vice-president, Bruce Smith; secretary - treasurer, Catherine West; Class representatives, Dick Minty (Grade 9), Andy Szoetz (Grade 10-11), and Merlin Hovde (Grade 12). The Club is doing excellent work.

North Priscilla Club

Ten members and two visitors met with Eileen Hurnanen on Dec. 2. Roll call was answered by guessing their Sunshine Pals.

The election of officers for the

1960 term were elected and are as follows: President, Emma Hauser; vice-president, Georgia Brownell; secretary, Martha Nelson; assistant secretary, Eileen Hurnanen, and treasurer, Elnora Anderson.

Eileen Hurnanen then gave an interesting report on Finland. A contest held on this report was won by Alice Miller. Doris Brandvold won the raffle.

A delicious lunch was then served by the hostess. The next meeting on Jan. 6, 1960, will be held at the home of Emma Hauser.

CARMANGAY WEST

Mrs. Emily Burwash was a guest at the home of her sons-in-law and daughter, Mr. and Mrs. Pete Pauls of Calgary.

Miss Myrna Clark of Lethbridge spent the weekend with her parents, Mr. and Mrs. Rob Clark.

The family of Mrs. B. M. Hubka of Claresholm gathered at the Drift Willow Ranch on the evening of Dec. 1, to celebrate her 78th birthday with a turkey dinner and all the trimmings. Fourteen of her 15 grandchildren were present. Those absent were Mrs. Dorothy Ganger of Vancouver, Billy Bach attending U. of A., Harold Hubka attending College in Toronto and Colleen, too small to attend. There are also seven great-grandchildren. The beautifully decorated table was centred by an enormous birthday cake. Twenty-nine guests in all were served. Grandma Hubka was delighted and surprised to receive a lovely corsage. Following the dinner, the honored guest was the recipient of a number of gifts. Grandma was very pleased to have her family together on this occasion and expressed her many thanks.

Mrs. Jim Craig is home again after having had her tonsils removed in the local hospital.

Mr. and Mrs. Dale Clark were Calgary visitors on Tuesday and Wednesday of this week.

A feeling of self-satisfaction can be obtained while hunting, even if you don't come home with game. This was the case when Ivan Ohler, Wyman Parker and Rai Hansen discovered Aldo Ferrari, a hunter from Coleman who was hopelessly lost about 80 miles west of Staveland. He became separated from his hunting party and when found the following day, he was suffering from hunger and exposure. Mr. Ferrari was taken to the nearest ranch where the police were notified.

ROY ROGERS, famous Western movie star, visited the Royal Winter Fair in Toronto, Nov. 14, and had high praise for the showing of Alberta 4-H Club members who submitted wheat entries at the Royal. Mr. Rogers is seen admiring the wheat sample shown by Doug McKintosh of Granum. This Chinook wheat topped 22 entries in its class and went on to win the

World Wheat Crown. Mr. Rogers, once a 4-H Club member, complimented Albertan 4-H members for winning the first 12 of 22 placements in the wheat class competitions. As a former 4-H member he urged Alberta youth to join the 4-H movement which in his words has "meant a lot to me, and done a terrific job for the youth of Canada and the United States."

District News**ARMADA**

Miss Fay Schmidt and Miss Christine Hindle of Lethbridge spent the weekend at their respective homes here.

Among those who attended the 75th anniversary of the Oddfellowship in Alberta, on Saturday at the Jubilee Auditorium in Calgary were Mr. and Mrs. E. G. McPherson, Mr. and Mrs. J. C. MacMillan, Mr. and Mrs. T. Brooks, Mr. and Mrs. Norman Soder, Mrs. Earl Deal and Harold Deal, Mrs. Lillian Brinton, Mr. and Mrs. Andy Knive and Bill Salvage. The institute of the first IOOF Lodge, known as Alberta Lodge No. 1, at Calgary, came on the first mail train into Calgary. Beside Alberta, other provinces represented were Manitoba, Saskatchewan and British Columbia.

Mr. and Mrs. Ed Kehr left this week for a holiday at points in the northwest States and at Vancouver, B.C.

Mr. and Mrs. Montie Findlay spent Monday in Lethbridge.

Lomond Club Plans Meetings

On Saturday, Dec. 5, the boys and girls of the Lomond 4-H Calf Club brought all their calves into Lomond to weight them. A very good turn out with very good calves was a credit to the club.

On Monday night the 4-H Calf Club held their December meeting in the kitchen of the Lomond hall. There were nine members and four juniors along with many of the parents. Billy Thompson, the vice-president, presided.

A program was drawn up for the coming year. Meetings to be held the first Monday night of each month with two members to be in charge of entertainment. Carol and Lynn Ruggles are to look after the January meeting.

TREES AND SHRUBS PREVENT WINTER KILL

Not all winter killing is caused by low temperatures. A great deal of damage is caused each year by evergreens, fruit trees and shrubs by a loss of moisture from the plants. This can only be replenished from the soil and for this reason it is important that the plants have an adequate supply of moisture in the late fall advises P. D. McCalla, Alberta's Supervisor of Horticulture. After 8-10 degrees of frost, or when all danger of stimulating growth is over, the trees and shrubs should be given a thorough watering. In this way the danger from winter killing can be greatly reduced.
